

Northwest Communications has completed installing a wireless, high-speed internet system in the Town of St. Joseph. This system is based on a line of sight technology with a tower, so please be aware that not all residences may be able to pick up the signal.

Package information is as follows:

3Mb/sec download speed for \$49.95/month.

5Mb/sec download speed for \$79.95/month.

Installation Fee:

\$300 – with no contract.

\$200 – with a 1 year contract.

\$100 – with a 2 year contract.

Interested residents should contact Northwest Communications at (715) 268-7101 for more information or to schedule an appointment to test for availability at your location.

Thank you,

3rd Supervisor - Brian Gullickson
